LETTER TO OUR SHAREHOLDERS

On behalf of Fab-Form's Board of Directors and employees, we are pleased to invite you to attend the Fab-Form Annual Meeting of Shareholders on Friday, 6 July 2018, to be held at the Fab-Form head office, Unit 19, 1610 Derwent Way, Delta, British Columbia at 4:00 pm Pacific time.

The business to be considered at our Annual Meeting is described in the accompanying Notice of Annual Meeting and Management Proxy Circular which contains important information about the meeting, voting, the nominated directors, our governance practices and how we compensate our executive and directors. It also describes the Boards' roles and responsibilities and the key activities the Board undertook in 2017.

Your vote is important. We encourage you to participate in this process by voting your shares and, if possible, by attending the Annual Meeting. Whether you choose to vote by proxy or in person, we appreciate your participation in this important meeting.

Sincerely,

Bruce Clark

Corporate Secretary

Richard Fearn

President and Chief Executive Officer

NOTICE OF ANNUAL MEETING

An Annual Meeting of the Shareholders of Fab-Form Industries Ltd. ("Fab-Form" or the "Corporation") will be held at the Fab-Form Head Office, Unit 19, 1610 Derwent Way, Delta BC V3M 6W1 at 4:00 pm Pacific time on Friday, 6 July 2018 for the following purposes:

1. To receive the Annual Report of the directors to the shareholders, the Financial Statements of the Company and the Auditors Report thereon;
2. To elect directors (either by single resolution or separate votes as the Meeting decides);
3. To appoint auditors for the ensuing year and to authorize the directors to fix the remuneration to be paid to the auditors;
4. As a special resolution:
 - a. to ratify and approve the exercise of any stock options granted in the previous year or as granted hereunder;
 - b. to authorize and approve the granting and exercise of stock options in the forthcoming year, subject to the approval by the TSX Venture Exchange, and
 - c. to authorize the directors to renegotiate or cancel any existing stock options;
5. To approve, as an ordinary resolution, to grant authority to the Board of Directors to proceed with and complete one or more private placements within the 12-month period following the meeting up to a maximum of 8,500,698 shares or equal to 100% of the current outstanding shares of the Company, and any consequential change in the effective control of the Company, provided that such placements are completed in accordance with the policies of the TSX Venture Exchange;
6. An ordinary resolution that the members ratify, confirm and approve all acts, deeds and things done by and the proceedings of the directors and officers of the company on its behalf since the last Annual General Meeting of the Company, and
7. To transact such further and other business as may properly come before the Meeting or any adjournments thereof.

To pass the proposed special resolutions, an affirmative vote of not less than seventy-five (75%) per cent of the votes cast by the shareholders of the Company present in person or by proxy at the Meeting is required.

Shareholders of record at the close of business on 14 April 2016, will be entitled to vote at the meeting and are encouraged to participate either by proxy or in person.

DATED the 7th day of May 2018

BY ORDER OF THE BOARD

Bruce Clark
Corporate Secretary

MANAGEMENT PROXY CIRCULAR

SECTION 1 – VOTING

Meeting Procedures

Who can go to the meeting?

Anyone who holds Common Shares of Fab-Form as of 1 June 2018, which is the record date for the meeting, is entitled to attend the meeting.

Who can vote at the meeting and what are we voting on?

If you hold Common Shares as of the close of business on 1 June 2018, you have the right to cast one vote per Common Share on the business matters set out in the accompanying Notice of Annual Meeting and any other matters which properly come before the meeting.

How many shareholders do you need to reach a quorum?

A quorum is reached with at least two people present who hold, or represent by proxy, in the aggregate at least 25 percent of the issued and outstanding Common Shares, being the shares entitled to be voted at this meeting. On the 1 June 2017, Fab-Form had 8,500,698 Common Shares issued and outstanding.

Does any shareholder beneficially own 10 percent or more of the outstanding Common Shares?

Yes. To the knowledge of the directors and executive officers of Fab-Form, as of 7 May 2018, two individuals beneficially own, directly or indirectly, or exercise control or direction over, Common Shares that carry more than 10 percent of the voting rights attached to all Common Shares entitled to be voted at the meeting.

Voting Procedures

Am I a registered or non-registered shareholder?

You are a registered shareholder if you have a share certificate in your name.

You are a non-registered shareholder if your shares are registered in the name of an intermediary (such as a bank, trust company, trustee, investment dealer, clearing agency or other institution).

How can I vote if I am a registered shareholder?

- by attending the meeting and casting your vote in person;
- by appointing someone else as proxy to attend the meeting and vote your shares for you; or
- by completing your proxy form and returning it by mail or delivery, following the instructions on your proxy.

How can I vote if I am a non-registered shareholder?

If you are a non-registered shareholder and you receive your materials through an investment dealer or other intermediary, complete and return the forms entitling you to vote by following the instructions in those forms.

How is a resolution passed?

A simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein. If there are more nominees for election as directors or appointment of the Company's auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

How do I appoint someone else to go to the meeting and vote my shares for me?

Two directors of Fab-Form, Bruce Clark and Don Russell, have been named in the proxy to represent shareholders at the meeting. If you are a registered shareholder, you can appoint someone else to represent you at the meeting. Just complete a paper proxy by inserting the person's name in the appropriate space on the proxy form, or complete another acceptable paper proxy. If you are a non-registered shareholder, you can also appoint someone else to represent you at the meeting by following the instructions in the materials you receive through your investment dealer or other intermediary. In either case, the person you appoint does not need to be a shareholder but must attend the meeting to vote your shares.

Is there a deadline for my proxy to be received?

Yes. Your proxy must be received by Fab-Form Industries Ltd. ("Fab-Form"), Attention: Proxy Department, Unit 19, 1610 Derwent Way, Delta BC V3M 6W1, no later than 2:00 pm Pacific time on the 15 June 2017. If the meeting is adjourned, your proxy must be received 48 hours, excluding Saturdays and holidays, before the adjourned meeting date.

How will my shares be voted if I return a proxy?

Shares represented by a proxy will be voted or withheld from voting on any ballot that may be called for at the meeting. A shareholder or intermediary may direct the way the shares represented by the proxy are to be voted by marking the form of proxy accordingly. Where a choice is specified, the shares represented by the proxy will be voted or withheld from voting in accordance with the choice specified. Where no choice is specified in the proxy with respect to a matter identified therein, the shares represented will be voted in favor of any ballot that may be called for on that matter. The form of proxy confers discretionary authority upon the proxy holder in respect of amendments to the matters identified in the accompanying notice of annual meeting, and in respect of any other matters that may properly come before the meeting.

What happens if there are amendments or variations or other matters brought before the meeting?

Your voting instructions provided by proxy give discretionary authority to the person you appoint as proxy holder to vote as he or she sees fit on any amendment or variation to any of the matters identified in the notice of the meeting and any other matters that may properly be brought before the meeting, to the extent permitted by law. As of the 8 May 2017, neither the directors nor executive officers of Fab-Form are aware of any variation, amendment or other matter to be presented for a vote at the meeting.

What if I change my mind?

If you are a registered shareholder and have voted by proxy, you may revoke your proxy by delivering to Fab-Form a duly executed proxy by paper, with a later date or by delivering a form of revocation of proxy. This new proxy must be delivered to Fab-Form Industries Ltd., Attention: Proxy Department, Fab-Form Industries Ltd., Unit 19, 1610 Derwent Way, Delta BC V3M 6W1, any time up to 2:00 pm Pacific time on the 5 June 2018, or if the meeting is adjourned, 2:00 pm Pacific time on the business day before the date of the adjourned meeting.

You may also revoke your proxy and vote in person at the meeting, or any adjournment thereof, by delivering a form of revocation of proxy to the Chairman of the meeting at the meeting before the vote, in respect of which the proxy is to be used, is taken. You may also revoke your proxy in any other manner permitted by law.

If you are a non-registered shareholder, you may revoke your proxy or voting instructions by contacting the individual who serves your account.

Is my vote by proxy confidential?

Yes. All proxies are received, counted and tabulated by Fab-Form in a way that preserves the confidentiality of individual shareholders' votes, except:

- as necessary to meet applicable laws;
- in the event of a proxy contest;
- in the event a shareholder has made a written comment on the proxy; or
- if there is a need for the Chairman to rule on the validity of a proxy.

Who is soliciting my proxy?

Your proxy is being solicited on behalf of management of Fab-Form and Fab-Form will pay for the cost of solicitation. Management will solicit proxies either by mail to your latest address shown on the register of shareholders or by electronic mail to the e-mail address you provided. Additionally, employees or agents may solicit proxies by telephone or other ways at a nominal cost to Fab-Form. Fab-Form may, if determined advisable, retain an agency to solicit proxies for it in Canada and in the United States.

What if I want to submit a proposal for consideration at the next annual meeting?

Shareholders who wish to submit proposals for consideration at the 2019 annual meeting of shareholders must deliver their proposals to Fab-Form by no later than December 17, 2018. All shareholder proposals must comply with the applicable requirements of the Canada Business Corporations Act and shareholders who wish to make such proposals are urged to seek legal advice to ensure their proposal complies with these requirements in full.

What if I have more questions?

Please contact Fab-Form Industries Ltd., telephone: 1-888-303-3278, mail: Fab-Form Industries Ltd., Unit 19, 1610 Derwent Way, Delta BC V3M 6W1; email: info@fab-form.com. Except as otherwise noted, the information contained herein is as of 7 May 2018. Unless otherwise specified, all dollar amounts are expressed in Canadian dollars.

SECTION II – BUSINESS OF THE MEETING**Financial Statements**

Financial information about Fab-Form is included in the consolidated financial statements and management's discussion and analysis for the year ended 31 December 2017. These documents are available on SEDAR at www.sedar.com.

Appointment of Auditors

The Board of Directors recommends the re-appointment of Culver & Company as auditors of Fab-Form to hold office until the next annual meeting at a remuneration to be determined by the directors

Election of Directors

The Board of Directors believes the appropriate size for the Board is between three and five members, allowing the periodic ability to expand up to six members to provide an orientation period for new directors prior to the retirement of existing directors. This year, in accordance with the By-laws of Fab-Form, the Board of Directors has determined that five directors will be elected at the annual meeting. The Board has assessed the relative diversity of skills, attributes and experience that the directors standing for election offer, and are satisfied that the nominees adequately satisfy the Board composition requirements. The term of office for all current directors will end on the day of the meeting and management is nominating the five individuals described under the heading "Proposed Management Nominees for Election as Directors" that follows for election at the meeting. Each director elected at the meeting will hold office until his or her successor is elected at the next annual meeting, unless he or she resigns or is otherwise removed from office earlier.

Proposed Management Nominees for Election as Directors

Three of our current directors are standing for re-election. Both Chris Mattock and Herb Bentz have decided to not stand for re-election in order to focus on other obligations. One individual, Joey Fearn, is standing for election for the first time.

All proposed nominees are ordinarily resident in Canada. Information regarding each of the proposed nominees, as at 31 December 2017, is set out in the following tables. For each nominee, the information provided includes:

- a brief biography, age and country of residence;
- independence status;
- date first appointed to the Board, and areas of expertise;
- Board and committee meeting attendance;
- details on Board interlocks, if any;
- securities held and market value for the past two years; and
- director compensation for the past two years.

For purposes of measurement and disclosure in the referenced tables, the market value of Common Shares was calculated using Common Share values of \$0.610 and \$0.200, which were the closing trading prices of Fab-Form's Common Shares on the Toronto Stock Exchange on 31 December 2017 and 31 December 2016, respectively.

None of the proposed directors:

- 1) is, as at the date of the information circular, or has been, within 10 years before the date of the information circular, a director or executive officer of any company (including Fab-Form Industries Ltd.) that, while that person was acting in that capacity;
 - a) was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days;
 - b) was subject to an event that resulted, after the director or executive officer ceased to be a director or executive officer, in the company being the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days;

- c) or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, state the fact; or
- 2) has, within the 10 years before the date of the information circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director, state the fact.

Summary of Attendance of Directors

The following table sets out the attendance (in person and by telephone conference) of the Board of Directors at Board meetings and committee meetings of which they were members during 2017:

<i>Directors</i>	<i>Board meetings attended</i>	<i>Committee meetings attended</i>	<i>% of meetings attended</i>
Bruce Clark	4 of 4	4 of 4	100%
Don Russell	4 of 4	4 of 4	100%
Richard Fearn	4 of 4	N/A	100%
Herb Bentz	4 of 4	4 of 4	100%
Chris Mattock	4 of 4	4 of 4	100%

It should be noted that the summary of attendance of directors at meetings of the Board of Directors and committees of the Board of Directors is not strictly indicative of the contribution made by each director and that absence from a meeting may have resulted from a variety of factors or causes.

Additionally, all directors are entitled to attend Board committee meetings regardless of whether they are a member of that Board committee.

Director Independence

The following table describes the independence status of each member of the Board and, where applicable, the reasons for the Board's determination that a particular director is not independent.

<i>Directors</i>	<i>Not independent</i>	<i>Independent</i>	<i>Reason for Non-independent status</i>
Don Russel		x	100%
Bruce Clark		x	100%
Richard Fearn	x		President & CEO of Fab-Form
Joey Fearn	x		VP Marketing

The Board of Directors is currently made up of five members. The Board has considered which of its members are "independent" for purposes of National Instrument 58-101 of the Canadian Securities Administrators and has concluded that Don Russell and Bruce Clark are independent as at the date of this circular.

The size of the Board of directors of the Company is currently determined at five. The term of office of each of the current directors will end after the Meeting. Unless the director's office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (British Columbia) ("BCA"), each director elected will hold office until the conclusion of the next annual general meeting of the Company, or if no director is then elected, until a successor is elected.

In determining the independence of its members, the Board assesses:

- direct or indirect material relationships with Fab-Form which could interfere with the exercise of his/her independent judgment;
- employment by, or other relationship with, Fab-Form or with its internal or external auditor, in which case the member will be deemed not independent until the prescribed period of three years has elapsed since the end of the service;
- immediate family member relationships with Fab-Form, its internal or its external auditor;
- any payment of fees by Fab-Form to the member or the member's immediate family. Fab-Form does not arrange any personal loans or extension
- of credit to its directors; and
- direct or indirect relationships of its members with other members of the Board.

Interlocking Outside Boards

In assessing the inter-relationships of Board members, Fab-Form reviews those directors that serve on the same Boards and committees of other reporting issuers. There are currently no interlocking directorships.

SECTION III – CORPORATE GOVERNANCE

Fab-Form's Board of Directors and management are committed to the highest corporate governance standards and understand that such standards are central to the efficient and effective operation of Fab-Form in a manner that ultimately enhances shareholder value.

National Instrument 58-101 – Disclosure of Corporate Governance Practices ("NI 58-101") of the Canadian Securities Administrators requires issuers, such as Fab-Form, to disclose certain corporate governance practices they have adopted.

The size of the Board of directors of the Company is currently determined at five. The term of office of each of the current directors will end after the Meeting. Unless the director's office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (British Columbia) ("BCA"), each director elected will hold office until the conclusion of the next annual general meeting of the Company, or if no director is then elected, until a successor is elected.

As required by NI 58-101 and other applicable regulatory instruments, the following disclosure describes the corporate governance policies and initiatives developed by Fab-Form. For additional disclosure relating to the Company's corporate governance, see Schedule A attached to this management proxy circular.

Board Mandate

The Board of Directors has overall responsibility for Fab-Form's business conduct. The Board fulfills this responsibility both directly and by delegating certain authority to Board committees and to Fab-Form's senior management.

The Board has delegated responsibility for the integrity of internal controls and management information systems to the Audit Committee. The Company's external auditors report directly to the Audit Committee. In its regular meetings with the external auditors, the Audit Committee discusses, among other things, the Company's financial statements and the adequacy and effectiveness of the Company's internal controls and management information systems.

The Board has developed a Disclosure Policy to document the procedures that have been and continue to be in place, to which the Company's management adheres. These procedures ensure effective communication between the Company and its shareholders and the public. The Board of Directors has delegated responsibility for communication with the public and the Company's shareholders to its President and Chief Executive Officer and Chief Financial Officer. Procedures are in place to ensure proper dissemination of news releases, and that those shareholders who request information about the Company receive it in a timely manner. Inquiries by shareholders are directed to and dealt with by Senior Management.

The direct responsibilities of the Board include:

- choosing Fab-Form's Chief Executive Officer, who is responsible for all of Fab-Form's day-to-day operations;
- reviewing and approving a strategic plan that takes into account an identification of business opportunities and business risks;
- overseeing and monitoring management's systems for the operations of Fab-Form;
- monitoring and assessing Fab-Form's performance in meeting both short and long-term goals established by the Board;
- directly reviewing and approving major transactions proposed by management;
- reviewing the content of significant communications with shareholders and the investing public, including this management proxy circular, annual reports, annual information forms and quarterly and annual financial statements and their associated press releases;
- approval of the appointment of all corporate officers and the remuneration of all top senior executive officers, namely the Chief Executive Officer and senior executives reporting to the Chief Executive Officer.

Board Meetings

During 2017, the Board of Directors met on four occasions, including one meeting devoted exclusively to Fab-Form's corporate strategy and direction. All meetings were held in person or by phone.

Retirement Policy

All directors are eligible for re-election until reaching age 75, and must retire, at the next annual meeting following the date on which the director reaches the age of 75. The Board may waive this policy if after conducting a thorough search, a qualified replacement director cannot be found or if the retiring director possesses such unique skills that the loss of these skills would be a material loss to Fab-Form.

Ethical Business Conduct

Fab-Form has adopted a Code of Conduct (the "Code") which governs the behavior of all directors, officers and employees of Fab-Form and its subsidiaries. The Code sets out the fundamental terms upon which Fab-Form conducts its business and deals with subjects such as compliance with laws, fiscal integrity and responsibility, health and safety, care of the environment, conflicts of interest, ensuring equal opportunities and providing a workplace free from harassment.

The Board monitors compliance with the Code through the Audit Committee. Suspected Code violations are reported to the Audit Committee which investigates and, where appropriate, takes appropriate action.

Nomination of Directors

The Board does not have a nominating committee. The Board ascertains the suitability of new candidates for the Company's management and director positions and reviews the performance of the Company's current management and directors on a regular basis.

Communications with the Board

Shareholders, employees and other interested parties may communicate directly with the Board of Directors, through the Chairman of the Board, in writing to:

Chairman, Board of Directors
c/o Corporate Secretary
Fab-Form Industries Ltd.
Unit 19, 1610 Derwent Way
Delta BC V3M 6W1

Please send your communication in a sealed envelope and mark it Private and Confidential. Your envelope will be delivered unopened to the intended recipient.

Audit Committee

Mandate and Report

The Audit Committee aids the Board of Directors in fulfilling its oversight responsibility to the shareholders with respect to Fab-Form's:

- ethical business conduct;
- financial statements;
- financial reporting process;
- systems of internal and disclosure controls;
- internal audit function;
- external audit function;
- financial arrangements and liquidity; and
- risk identification, assessment and management program.

It is the responsibility of the Committee to maintain an open avenue of communication between itself, the external auditors and management of Fab-Form. In performing its role, the Committee is empowered to investigate any matter brought to its attention, with full access to all books, records, facilities and personnel of Fab-Form. It is also empowered to retain outside counsel or other experts as required.

National Instrument 52-110 of the Canadian Securities Administrators ("NI 52-110") requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as follows:

Composition of the Audit Committee

The Company's Audit Committee is composed of two directors: Bruce Clark and Don Russell. Both Don Russell and Bruce Clark are independent directors. The Audit Committee is primarily responsible for reviewing the annual and interim financial statements of the Company before they are officially approved by the Board and / or related to the public. It is also responsible for monitoring the Company's system of interim controls. When it deems it necessary, the Audit Committee may communicate directly with the Company's internal controller and outside auditors.

A member of the Audit Committee is independent if the member has no direct or indirect material relationship with the Company. A material relationship means a relationship which could, in the view of the Company's Board of directors, reasonably interfere with the exercise of a member's independent judgment. A member of the Audit Committee is considered financially literate if he or she can read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company.

Relevant Education and Experience

All members of the audit Committee have the education and practical experience required to understand and evaluate financial statements. Don Russell was responsible for the accounting and financial statements for the firm Russell Food Equipment.

External Auditor Services Fees

The fees paid to the Auditor were \$16,106 in 2016 and \$13,943 in 2015.

At no time since the commencement of the Company's most recently completed financial year, has a recommendation of the Audit Committee to nominate or compensate an external auditor not been adopted by the Board.

Exemption

The Company is a "venture issuer" as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (*Composition of Audit Committee*) and 5 (*Reporting Obligations*).

SECTION IV – BOARD OF DIRECTORS COMPENSATION

Fab-Form's Board of Directors and Management are committed to the highest corporate governance standards and understand that such standards are central to the efficient and effective operation of Fab-Form in a manner that ultimately enhances shareholder value.

As required by NI 58-101 and other applicable regulatory instruments, the following disclosure describes the corporate governance policies and initiatives developed by Fab-Form.

Director Compensation Plan

The objectives of Fab-Form's director compensation program focus on the following elements:

- philosophy and objectives;
- evaluating the program against comparative Canadian companies;
- cash flow constraints
- fees and retainers and equity-based compensation;
- share ownership requirements; and

Each of these elements is described in more detail below.

Philosophy and Objectives

Fab-Form's main objective in designing the directors' compensation plan has been to develop a plan which supports the successful recruitment and retention of qualified individuals to serve as members of its Board. The compensation is intended to provide an appropriate level of remuneration considering the responsibilities, time requirements and accountability of their roles. Directors who are also employees of Fab-Form or its subsidiaries do not receive any additional remuneration for acting as directors.

In its effort to align the interests of members of the Board with those of our shareholders, Fab-Form directors are required to meet minimum shareholder guidelines as part of the overall director compensation program.

In establishing an effective directors' compensation plan, Fab-Form strives to achieve a level of director compensation that is competitive and that achieves the median level of compensation paid by companies that are comparable in size and in a similar business, given cash flow constraints.

Cash Flow Constraints

The primary determinant of Director compensation is the ability of the Company to pay, based on cash flow constraints. The current Directors are fully aware of the working capital position of the Company, and have voluntarily waived cash compensation.

Fees and Retainers and Equity-Based Compensation

Director compensation excludes:

- annual retainers and additional retainers for chairing or serving on committees;
- Board and committee meeting and conference call fees;
- travel fees to cover the necessary travel time to attend Board and committee meetings; and
- equity-based compensation in the form of deferred stock units (DSU).

The table below shows Fab-Form's 2016 retainers and fee schedule for directors:

<i>Directors' Remuneration</i>	<i>Amount \$</i>
Chairman of the Board Annual Retainer	\$0
Director Annual Retainer	\$2,000
Audit Committee Chair Additional Retainer	\$0
Board Meeting Fee (2)	\$0
Committee Meeting Fee (2)	\$0

(2) If a meeting is held at a place other than the city in which a director is resident, he/she receives a travel allowance in recognition of the time required to travel to and from the meeting.

Evaluating the Program

The Board reviews directors' compensation annually and makes recommendations to the Board. In 2016, as part of Fab-Form's annual review and in-lieu of a third-party comprehensive review, director compensation was assessed and reviewed both by management and the Board for competitiveness. The Board approved the recommendations that the compensation be increased to \$2,000 in 2017.

Share Ownership Requirements

Fab-Form and the Board of Directors believe that the interests of shareholders and directors are better aligned when the directors hold significant investments in Fab-Form. In support of this belief, Fab-Form has fixed minimum requirements for share ownership by Fab-Form's directors. Share ownership includes holdings of Fab-Form's Common Shares. The current share ownership requirements are:

- by no later than two years after their appointment or election to the Board, director must hold Common Shares having a value equal to the annual retainer then payable to directors;
- by no later than five years after their appointment or election to the Board, directors must hold Common Shares having a value equal to five times the annual retainer then payable to directors;
- once their minimum guidelines have been achieved, if a director's share ownership later falls below the minimum guidelines due to a decline in the share price, such director will have two years to restore the compliance; and
- for the purposes of these requirements, the value of the share ownership is defined as the greater of:
 - the original amount paid by the director to acquire the Common Shares
 - the current market value of those shares at the point of measurement, normally the last trading day of the year.

These requirements are audited annually at the end of the calendar year by the Secretary and are reported to the Board. The most recent review indicates that all directors are in compliance with these requirements. The Board of Directors believes that the Share Ownership Requirements provide an effective alignment of shareholder and directors' interests.

2017 Director Compensation

The following table sets out the value of fees and other compensation paid to non-executive directors of Fab-Form during 2017. For details on compensation paid to Mr. Fearn who is an executive director of Fab-Form, refer to Section V.

Outstanding Share-Based Awards and Option-Based Awards

Fab-Form ceased issuing options to non-executive directors in 2009 and as of 31 December 2016 there were no outstanding options held by nonexecutive directors.

SECTION V – COMPENSATION PROGRAM

2016 Compensation Discussion & Analysis

The objectives of Fab-Form’s executive and employee compensation program are to:

- enable Fab-Form to attract individuals who have the leadership, management and technical skills to drive the future growth and success of the Company;
- retain the services of valued members of Fab-Form’s team;
- motivate executives and employees to achieve excellence within their respective areas of responsibility and together as a team;
- reward executives and employees for their individual and collective contributions to Fab-Form’s success and encourage a strong link between an individual’s compensation and the interests of the Company and its shareholders; and
- support the health and the well-being of the members of the Fab-Form team.

The compensation program is driven by a core set of principles embedded in Fab-Form’s overall compensation philosophy. While the actual performance targets may vary from year to year, the following principles relating to the program remain constant.

Principle

All employees should be focused on building shareholder value.

Compensation must be performance-based

At least 10% of all employees compensation should be at performance risk.

All employees should focus on building the business over a medium and long-term time horizon.

Any bonus structure should be simple and easy to understand.

Implementation

Board seeks to focus senior management on several key financial metrics that it considers to be key drivers of shareholder value.

Total individual compensation varies from year to year depending on individual performance results.

The employee’s compensation plan contains elements of pay at risk, in the sense that an employee does not receive certain compensation amounts until a minimum performance target is achieved and will receive increasing amounts as performance exceeds the targets.

The employees’ compensation plan includes a long-term incentive plan that is focused on accomplishing results with a medium to longer term view.

A limited number of clear metrics are used.

Compensation Decision Making Process

The total compensation program for employees of Fab-Form is comprised of four basic components:

- i) base salary;
- ii) a long-term incentive program; and
- iii) pension, benefits and other perquisites.

The Board reviews the various compensation components both individually and in total, on an annual basis, to ensure they align with the overall objectives of the program, cash flow constraints and general market practices. The Board aims for total compensation to be at approximately the 50th percentile when compared to the total compensation provided by Fab-Form's comparator companies if target performance is achieved and above or below the 50th percentile when performance is above or below target, respectively.

Compensation Program Components

Set out below is a summary of each component of employee compensation with a description of why Fab-Form chooses to use each component and how the amount of each component is determined.

Base Salary

The payment of a base salary is used by Fab-Form as the basic method of compensating employees and is part of the mechanism used by Fab-Form to provide employees with a portion of total compensation that is not "at risk" and does not depend on the performance of Fab-Form's business or the achievement of specific targets or goals. The Board believes the provision of such a base salary is an important component of Fab-Form's ability to attract and retain individuals who have the leadership, management and technical skills to drive the further growth and success of Fab-Form's business.

As a general rule, the base salary for each employee is established after a review of competitive market data. Typically, the Board seeks to ensure that base salary for each such employee is fixed at approximately the market median (50th percentile). However, base salaries may vary above or below the market median depending on the Board's view of individual performance or to ensure internal consistency between senior executive positions.

The base salary will be adjusted downwards by the Board should cash flow deem this necessary.

Equity Incentives

Fab-Form uses a share bonus system to compensate all employees for their efforts in introducing innovation and improved efficiency during the current fiscal year. Types of innovation that are rewarded are: improving production efficiency, automating CAD processes, improvements in the use of social media and better ways of processing financial information. The value of each innovation is determined by the president, accumulated in an innovation liability account and paid to each employee at the next private placement.

This component compensation package is clearly "at risk" in that an employee does not receive any compensation until an innovation is accepted, introduced and issued by way of the private placement. The Board believes that these innovative incentive bonuses assist with attracting and retaining employees while at the same time motivating those employees to use their best efforts to improve the efficiency of Fab-Form's business in a manner that benefits both Fab-Form, its employees and shareholders.

Pension, Benefits and Other Perquisites

Fab-Form has introduced a "Wellness" program. This program allows for all expenses related to proactively keeping the mind and body healthy up to \$150 per employee per month. This program does not allow for expenses not related to wellness.

Managing Compensation Risk

The Board develops and reviews the compensation plans, philosophy, guidelines and policies for all employees with a view to ensure that there is a link between pay and performance while striking a balance with risk management. Having considered the features of the compensation program, as noted below, the Board does not believe that any risks arise from Fab-Form's compensation policies and practices that are reasonably likely to have a material impact on the company.

The nature of the business in which Fab-Form operates requires significant risk-taking in order to achieve growth and desired outcomes in the best interest of shareholders given the working capital in place as of 31 December 2017. Fab-Form's employee compensation policies and programs seek to encourage behaviors directed to increase long term value while limiting incentives that promote excessive risk-taking.

Policies and guidelines are in place regarding employee share ownership requirements, with a view to aligning interests of employees and shareholders and limiting risk. More information on these policies is provided below.

Share Ownership Requirements for Management

Fab-Form strongly encourages share ownership by its management. It believes that the interests of shareholders and management are better aligned when its management directly hold investments in Fab-Form and has established minimum requirements for share ownership by its senior executives.

Shareholdings are defined as the total of common shares owned by the executive. Based on the terms of the requirements, the shareholdings are valued at the greater of the market price at the point of measurement or at the price paid to initially acquire those shareholdings. The requirements for the CEO and Named Executive Officers are:

- the Chief Executive Officer is required to hold, at a minimum, common shares of Fab-Form with a value equal to three times his or her annual salary within five years of the date of his or her appointment to that position;
- senior executives are required to hold, at a minimum, common shares of Fab-Form with a value equal to one and a half times his or her annual salary by the same deadline; and

The table below summarizes the number of Common Shares held by Fab-Form's Named Executive Officers as at 31 December 2017.

Name	Ownership multiple	# Common Shares held	\$ value of Shareholdings	% of Requirement Achieved	Meets Guidelines?
Rick Fearn, CEO	3x	3,025,681	\$1,845,665	1,232%	Yes
Joey Fearn, VP	1.5x	115,667	\$70,557	107%	No

The Board reviews ownership levels on an annual basis. As of 31 December 2017, the Board is satisfied that all senior management have met the intent of the guidelines.

Hedging Policy

All executive management and directors of Fab-Form are prohibited from purchasing financial instruments, such as prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in the market value of equity securities granted to them as compensation or held directly or indirectly by them. Hedging may also not be utilized to offset the value of the shareholding requirements set by Fab-Form's share ownership guidelines for executive management and directors.

Clawback Policy

If a restatement of Fab-Form's financial statements is necessary because of the Chief Executive Officer's misconduct, intentional misstatement of information, gross negligence or fraud and the restated financial statements result in a lower amount of incentive compensation owing to him for the period covered by the restated financial statements, then he will be required to repay all or some of the incentive compensation paid to him in the prior 24-month period.

Pay at Risk

A key principle of Fab-Form's program is to ensure that a significant portion of the senior executives' compensation should be at risk. The table below shows the amount of pay at risk as a percent of total direct compensation for the Named Executive Officers. Total compensation includes base salary and equity incentives.

Name	Salary	Bonus (at Target)	Stock Options (at Target)	Pay at Risk
Rick Fearn	\$44,502	\$4,450	\$0	10%
Joey Fearn	\$59,856	\$5,986	\$0	10%

SCHEDULE A - National Instrument 58-101: Disclosure of Corporate Governance

	PRACTICE	FAB-FORM
1.	Board of Directors	
a.	Disclose the identity of directors who are independent.	Don Russell and Bruce Clark are independent.
b.	Disclose the identity of directors who are not independent, and describe the basis for that determination.	Richard Fearn is the current President and CEO of Fab-Form and therefore not independent of management. Joey Fearn, Marketing Manager of Fab-Form is also not independent.
c.	Disclose whether a majority of directors are independent. If a majority of directors are not independent, describe what the board of directors (the board) does to facilitate its exercise of independent judgment in carrying out its responsibilities.	50% of the board is independent.
d.	If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.	No directors are currently a director of another reporting issuer.
e.	Disclose whether the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.	The independent directors do not hold separate meetings outside the regularly scheduled meetings due to the small size of the board.
f.	Disclose whether the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.	The chairman of the board, Don Russell, is independent. The Chair, as the presiding Board member, must ensure that relationships amongst board members are effective and efficient and further the best interests of the Corporation. In performing this role, the Chair must work with the Chief Executive Officer ("CEO"), manage the Board, and together with the CEO ensure effective relations with shareholders, Fab-Form, other stakeholders and the public. The Chair, while working closely with the CEO, should at all times retain an independent perspective to best represent the interests of the Corporation's shareholders, other stakeholders and the Board.
g.	Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.	The attendance record of each of the directors is shown in the table "Summary of Attendance of Directors" on page 12.
2.	Board Mandate	
a.	Disclose the text of the board's written mandate. If the board does not have a written mandate, describe how the board delineates its role and responsibilities.	The board's written mandate is found on Schedule C attached to this document.

3.	Position Descriptions	
a.	Disclose whether the board has developed written position descriptions for the chair and the chair of each board committee. If the board has not developed written position descriptions for the chair and/or the chair of each board committee, briefly describe how the board delineates the role and responsibilities of each such position.	The Board has not developed written position descriptions for the Chairman of the Board and for the Lead Director.
b.	Disclose whether the board and Chief Executive Officer have developed a written position description for the Chief Executive Officer. If the board and Chief Executive Officer have not developed such a position description, briefly describe how the board delineates the role and responsibilities of the Chief Executive Officer.	The Board and Chief Executive Officer have not developed a written position description for the Chief Executive Officer, which is reviewed annually.
4.	Orientation and Continuing Education	
a.	Briefly describe what measures the board takes to orient new directors regarding the board's role, the business of Fab-Form.	<p>New directors are also provided a detailed package of information describing Fab-Form and its business. In addition, all new directors meet with senior management for detailed briefings. Briefings and materials supplied include details on:</p> <ul style="list-style-type: none"> • strategic plans; • governance structures and codes of conduct; • significant accounting and risk management issues, including any major litigation claims; • financial reporting and accounting and treasury policies and procedures; • key performance metrics utilized by Fab-Form; • recent regulatory filings; and • past minutes of Board meetings. <p>The orientation program also involves direct visits to jobsites and facilities, where appropriate.</p>
b.	Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.	Each director ultimately assumes responsibility for keeping himself or herself informed about Fab-Form's business and relevant developments outside Fab-Form that affect its business. Management assists directors by providing them with regular updates on relevant developments and other information that management considers of interest to the Board, including information regarding investor relations activities, analyst reports and shareholder information. Directors may also attend other Fab-Form committee meetings if they are not active members, to broaden their knowledge base and receive additional information on Fab-Form's business and developments in areas where they are not commonly exposed.
